

UNESCO training project for FY 2011 (One-month lab revisit program)
Program of Lectures and Discussion

29 August 2011

Venue: Suntory Memorial Hall (5th floor of Department of Biotechnology (C3))

- 10:00-10:15 Opening remarks by
 Prof. Satoshi Harashima, Professor, Department of Biotechnology,
 Graduate School of Engineering, Osaka University
 Prof. Takuya Nihira, Director of ICBiotech, Osaka University
- 10:15-10:45 Self introduction from each participant of the program
- 10:45-11:15 ‘Novel method for measuring active tension generation by skeletal
 muscle cells and its application’
 Dr. Eiji Nagamori, Associate Professor, Department of
 Biotechnology, Graduate School of Engineering, Osaka University
- 11:15-11:30 Instruction by organizer
- 11:30-13:30 Lunch break

Venue: GSE common meeting room (5th floor of GSE common east (U1))

- 13:30-14:00 ‘Replicating the biosynthetic pathways in medicinal plants for the
 production of useful compounds’
 Dr. Hikaru Seki, Associate Professor, Department of Biotechnology,
 Graduate School of Engineering, Osaka University
- 14:00-14:30 ‘Molecular breeding and bioresources in yeast’
 Dr. Yoshinobu Kaneko, Associate Professor, Department of
 Biotechnology, Graduate School of Engineering, Osaka University
- 14:30-14:45 Break
- 14:45-16:45 Discussion on the previous/new UNESCO courses
- 17:30- Reception
