

The Eighth Workshop on Collaboration between Osaka University and Japanese companies

Sponsorship; International Center for Biotechnology, Osaka University

Co-sponsored; International Research Initiative for Frontier of Industrial Biotechnology, Osaka University

The eighth Workshop on Collaboration between Osaka University and Japanese companies was held. Representatives of industries engaged in the biotechnology industry were introduced to the international students enrolled at Osaka University for the purpose of attaining international human resource development. A total of ten enthusiastic companies attended the meeting. Companies, faculty members and students introduced themselves and their activities to one another. Students were able to know about the Japanese companies and how to apply their scholarly works in the industrial biotechnology setting. Adding to the great success of this meeting are the lively discussions and exchange meetings which have resulted in a deepened understanding of each other.
