

**Student Exchange Support Program supported by JASSO 2018
(Scholarship for Short-term Study in Japan)**

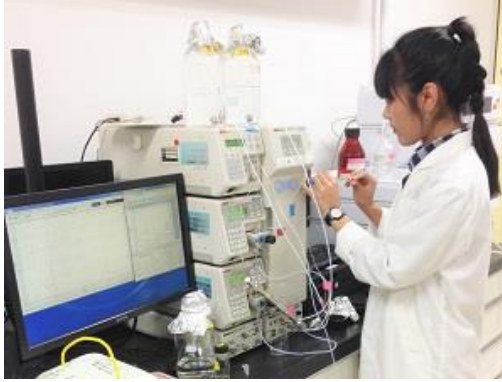

International Center for Biotechnology (ICBiotech) operates “Bioindustry & Biodiversity” and “ASEAN Biotechnology School” programs under the auspices of JASSO. The former is a lab-study-program conducted in cooperation with the consortium consists of Thai top 4 universities (Mahidol U., KMUTT, Kasetsert U. and Chulalongkorn U.). The latter was inaugurated this year to accept students from other ASEAN countries. These programs, organized for master and doctoral students from Thailand and other ASEAN countries studying “Bioindustry and Biodiversity” related fields, aim at enhancing students’ research ability in biotechnology, understanding current condition and problems in the application of researches to bioindustry, as well as improving mutual understanding through discussion on biodiversity.

A total of sixteen students joined the programs from November 2018 to early April 2019 divided into four periods. (Please refer below for detail.)
