

**Student Exchange Program (SSSV Program) supported by
Japan Student Services Organization (JASSO) FY2025
Japan-ASEAN Training Program for Future Leaders in Bio-Manufacturing**

The SSSV Program is an international student exchange program conducted in collaboration with a Thai academic consortium. This consortium comprises four of Thailand's leading universities: Mahidol University, Chulalongkorn University, Kasetsart University, and King Mongkut's University of Technology Thonburi (KMUTT). The program also involves participation from prominent universities in other ASEAN countries, including Vietnam, the Philippines, and Indonesia.

The SSSV Program is financially supported by the Japan Student Services Organization (JASSO) through its Student Exchange Support Program. In the current fiscal year, fourteen graduate students were invited to The University of Osaka, where they studied for 42 days (see next page). At the same time, sixteen The University of Osaka students participated in a study program in Thailand.

In this program, ICBiotech and other biotechnology-related laboratories at The University of Osaka provided advanced research and educational opportunities to the invited students. The program covered a wide range of topics, including biodiversity, intellectual property, and the practical applications of biotechnology, aiming to promote sustainable industries and societies among the participants.

Home Country	Home university	Number of Students
Thailand	Mahidol University	3
Thailand	Chulalongkorn University	2
Thailand	King Mongkut's University of Technology Thonburi	2
Thailand	Kasetsart University	1
Indonesia	Universitas Gadjah Mada	1
Philippines	University of the Philippines Los Baños	1
Philippines	De La Salle University	1
Vietnam	Hanoi University of Science and Technology	2

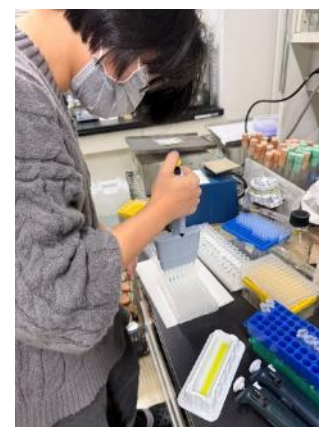

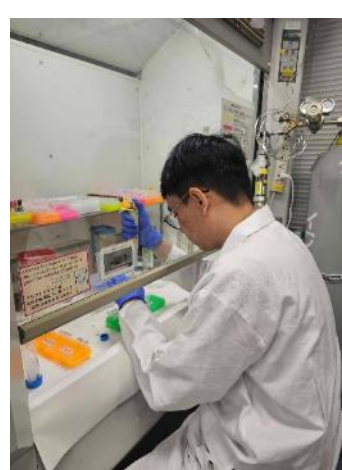

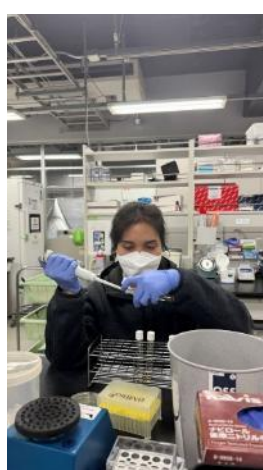

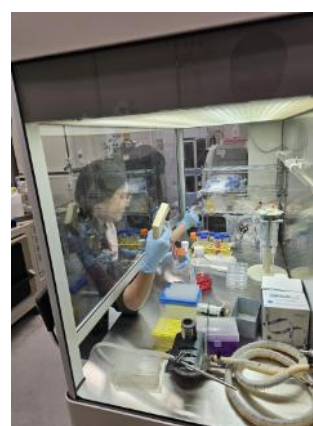

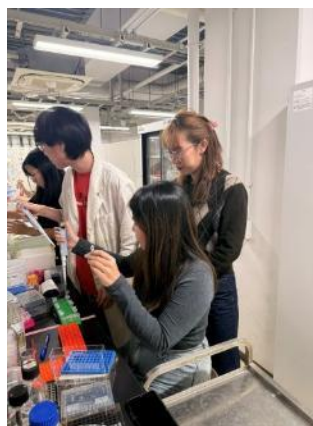

Of the above, ICBiotech accepted 5 students

Day	Time	schedule
Wednesday, October 1		Arrived at Kansai International Airport
Thursday, October 2	9:00 12:00	Orientation, Safety Training, Registration Research Laboratory Assignment
Wednesday, October 8	10:30	Lecture Biotechnology and Bioengineering ① Prof. Honda
Wednesday, October 15	10:30	Lecture Biotechnology and Bioengineering ② Assoc. Prof. Sastia
Wednesday, October 22	10:30	Lecture Biotechnology and Bioengineering ③ Prof. Fujiyama
Wednesday, October 29	10:30	Lecture Biotechnology and Bioengineering ④ Prof. Omasa
Wednesday, November 12	9:30	Final Presentation & Closing and Award Ceremony
Thursday, November 13		Departed from Kansai International Airport

【October 2, 2025 Orientation, Safety Training, Registration】

【Student's Activities】

【November 12, 2025 Final Presentation & Closing and Award Ceremony】
